YOUR ADVANTAGES

- ✓ Simple transition to VoIP telephony
- ✓ Exclusive Business Customer support
- ✓ Free modem
- ✓ Installation on site

DYNAMIC IP ADDRESSES

A Business Internet DHCP is suitable for companies which do not require a fixed IP address. The service can be used for a standard DHCP LAN network directly and without additional configuration. However, customer-specific configurations can be made if required.

Scope of delivery: HFC cable modem with integrated DHCP router, firewall and wifi

Corresponding options

Internet Backup

Fail-safe for UPC Business Internet. With the Internet backup option the cable modem is expanded with a 4G mobile backup connection. If the cable Internet connection is down or unavailable, the Internet connection is automatically established on the 4G mobile network. If the connection be available via the cable then the modem will switch back to it. This option is available for all Business Internet and Business Package subscriptions, apart from Business Internet 1000 and Business Package 100, and can only be used on a modem with a dynamic IP (DHCP).

Price per month CHF 10.–

The performance of the 4G backup line depends on the signal strength and the current network load of the mobile network. This means that performance may vary. There is no guarantee of the bandwidth available or the voice quality for VoIP telephony.

WLAN Powerline Set

Mit dem WLAN Powerline Set können Sie die Reichweite Ihres WLAN Signals verstärken, um die WLAN Abdeckung zu vergrössern. Die Installation erfolgt einfach durch Plug & Play.

WLAN Powerline Set ¹	CHF 99.–/Mt.
WLAN Powerline Set ¹ + 1 Extender	CHF 158.–/Mt.
WLAN Powerline Set ¹ + 2 Extender	CHF 217.–/Mt.

¹ WLAN Powerline Set beinhaltet 1 Adapter und 1 Extender.

Wi-Fi

	Wi-Fi	Wi-Fi with guest access
1 Access Point	CHF 35.–/month	CHF 40.–/month
2 Access Points	CHF 70.–/month	CHF 80.–/month

FIXED IP ADDRESSES

The Business Internet FIX IP is suitable for companies which require fixed IP addresses. They are used, for example, for the operation of personal e-mails, web servers or for remote servers, remote maintenance access or VPN constructs.

Scope of delivery: HFC cable modem with fixed IP address (excluding routers, firewall and wifi)

1 Access Point	CHF 35.–/month	CHF 40.–/month
2 Access Points	CHF 70.–/month	CHF 80.–/month

A return-path compatible cable connection from UPC Switzerland LLC or one of our partner networks or an FTTH connection with free ports is required for an Internet, telephone or digital TV connection. If the cable connection is billed by a UPC partner network, this will be taken into account in the form of a credit note. The modem will be provided free of charge for the duration of the contract.

All prices quoted exclusive of VAT. Prices and offers subject to change.
